Why Our Hams and Bacon Are So Good

Because we get the best Eastern hams and bacon to start with, what is most important, we re-smoke them fresh every other day. That gives them the rich, juicy flavor you always find in those we sell. Unless the meat is thus treated you will find it dry and unpalatable. Try a small order and you'll see what we mean.

PROTEST TO THE GOVERNMENT

LEGISLATORS OBJECT TO TOO MUCH MONEY BEING PAID OUT FOR PRINTING COUNTY BILLS.

A protest has been prepared, and is being passed around among members of the legislature, for signatures, against the approval of accounts for the printing of more than one county bill. The protest is addressed to the governor, and asks him to withhold his approval for the printing of more than one bill.

The County Act Commission was appointed by the governor by authority of the last legislature to prepare a draft of a county act to be submitted to the coming legislature. The authorization of the commission provided that its expenses, upon being approved by the governor should be paid out of the fund for the expenses of the coming legislature.

The protest is based on the proposition that the commission was only authorized to draft one county bill. If the members cannot agree, then the majority must rule and whatever the majority agree on is the action of the commission; to be accepted, rejected or changed by the legislature. But there is no authorization in it for a minority report. It is claimed, and if the minority have views that they want inserted in any county bill that becomes a law, they may come before the committee of the legislature which will have the matter before them.

One of the members of the legislature in discussing the matter this morning said that if one minority report could be printed at public expense, there might be as many minority reports as there are members of the commission and on the same principle all would have to be printed at public expense and the expense might run up into the thousands.

To allow this, it is claimed, will be to give carte blanche to the commission to spend the money which will be appropriated for the expense of the legislature and for which the legislature and the individual legislators will be held responsible. It will add to the apparent amount of money spent by the legislature for its expenses while at the same time the legislature itself had no control over the expenditure of a part of it.

The protest asks the governor not to approve the printing bill for more than one county act.

ANNUAL MEETING OF KINDERGARTENS

A VERY SUCCESSFUL YEAR HAS BEEN CLOSED WITH ENCOURAGING FINANCIAL OUTLOOK.

The annual meeting of the Free Kindergarten and Children's Aid Association was held this morning in the assembly hall of the Honolulu Symphony Society's club house, Haualea Lawn. There was a very large attendance of members and friends. Reports from all the officers and committees were presented, and adopted. These reports were almost without exception of a favorable character. The work of the year has been extremely encouraging and satisfactory, and the finances of the association much more satisfactory than it was feared they would be a year ago. The treasurer reported that there was a balance in the treasury. Standing committees for the year were appointed and the following officers were elected: President, Mrs. E. B. Waterhouse; secretary, Miss Elsie Waterhouse; financial secretary, Miss Margaret Hopper; treasurer, Mrs. F. M. Swamy; first vice president, Mrs. S. B. Dole; second vice president, Mrs. F. J. Lowrey; third vice president, Mrs. Theodore Richards; auditor, W. L. Howard.

MCKINLEY PARK FOR THE PEOPLE

TRUSTEES OF THE MEMORIAL FUND WISH TO TURN THE PROPERTY OVER TO TERRITORY.

Trustees Dole, Schaefer and McCandless of the McKinley Park Memorial Fund called on Governor Carter this morning and were in consultation with him for a long time on the project of turning over the park property to the Government.

The land for the park dedicated as a memorial to the martyred president has already been acquired. It consists of 14 acres on King street immediately makai of the baseball grounds. It measures 500 feet on King street and about 1100 feet on the street which would form a continuation of the thoroughfare which leads to the ball grounds entrance. Nine acres of the lot thus acquired is level land and the remaining five acres are taken up by a beautiful fresh water lake.

The fund at present consists of \$5000 and it had been estimated that for \$6000 the whole place can be graded, a foot of good top soil being put on, and the different walks and tracks laid out. The remaining \$2000 could then be expended in the erection of a public boat house, grand stand and other buildings. A feature of the place would be the creation of a large lawn where children of tender years could romp and play to their heart's content, a place modelled after the famous children's play ground in Golden Gate Park.

As the trustees have no assurance of support from public subscriptions it was thought better to take the matter up with the Territorial authorities and the suggestion is that the property be turned over to the Territory to be maintained permanently as a park. Governor Carter promised consideration of the project and will probably deal with it in his message to the Legislature.

The world's champion will tell you he who punches the bag in tomorrow's Star.
